## Professional Summary

Overall 2+ years of application/product development experience as a backend development Engineer in analysis, design, programming and maintenance with Microsoft .NET Core and related technologies. Seeking a challenging opportunity with a growth-oriented organization to expand my learnings, knowledge and skills.

## Work Experience

### Tata Consultancy Services, System Engineer

10/2023 – present | Bangalore, India

#### Project - Kelly Services

- Developed and deployed Online Talent Marketplace website for Kelly Services Client (website: [kellyarc.com](https://kellyarc.com)  )
- Responsible for creating Web APIs using ASP.NET  Core Framework 6.0, 8.0 using Visual Studio.
- Worked and designed structure models for NoSQL DB i.e., Azure Cosmos DB for Mongo DB in Azure DevOps to integrate it with Web APIs.
- Good understanding of microservices and middleware.
- Integrated ASP.NET  Core Web APIs with external APIs like AI/ML, Text Kernel.
- Implemented SOLID principles and Dependency Injection design patterns.
- Knowledge on Azure DevOps CI/CD pipelines for build and deployment
- Implemented Redis Cache and made use of Azure Key Vault, Azure Blob Storage.
- Exceptional problem solver, able to adapt to new environments quickly.
- Knowledge on Microsoft SQL Server for writing SQL queries, stored procedures, functions.

**Tech Stack:** C#, .NetCore, MongoDB, Cosoms DB, Micro Services, Azure Devops, Git, LINQ

### DeltaX, Associate Product Engineer Intern

02/2023 – 08/2023 | Bangalore

#### Project - IMDB Application

- Developed Web-API Application providing various functionalities for movies, actors, producers, genres etc.
- Designed Database using SQL Server, and used Stored Procedures for adding and updating movies and Dapper ORM tool to interact with DB.
- Used BDD for testing the features using Specflow & Gherkin syntax.
- Used Vue.js Framework and Vuetify library to create front- end.

**Tech Stack:** C#, .Net Core, Microsoft SQL Server, Stored Procedures, Vue js, HTML, CSS, JS, Git

## Education

**Bachelor of Technology(Computer Science & Engineering),**  
**Srinivasa Ramanujan Institute of Technology**

9.15 CGPA
